

LADY TITAN

Our Princess,

You have blossomed into a mature, well-rounded, beautiful, athletic young lady. Daddy & Mommy are so very blessed and proud to call you our daughter. Now you're no longer a little baby-girl. You are a princess who's ready to move on to the next chapter of your young adulthood. We wish you a memorable and productive senior year. Please do not ever forget what we have instilled in you, and that the future is yours to mold. Always remember that you are part of a strong family that loves you very much.

Wishing you the best!!!

Love,

Dad, Mom, Brother, and Sisters.
